

COUNCIL MAY ISSUE BONDS TO PROVIDE PAYMENT FOR PLANT

SUPREME COURT HOLDS VOTE TO PURCHASE IS VOTE TO PAY, IN WATER WORKS CASE.

DIGEST OF DECISION

Analysis of Important Points in Racine Decision Bearing on Local Situation Submitted by City Attorney Dougherty.

That the vote to purchase the water plant carries with it the right and obligation on the part of the council to issue bonds to cover the purchase price without a vote of the electors, and that the question of municipal ownership as originally submitted to the people need not be in the words of the statute, are two important points determined by the state supreme court in its decision on the case, James vs City of Racine, involving the purchase of the Racine water plant.

City Attorney W. H. Dougherty received a copy of the decision today and submits the following synopsis of the same in its bearing upon the questions in the Janesville situation: The court has held that the one and little word used to accomplish the end in setting it out in detail. Some parts of it have to do with matters that were of application only in the Racine case. Some of its provisions are of statewide application and control generally the proceedings under what is known as the "Public Utility Law."

In the first place the supreme court decision which is known as Chapter 665 of the laws of 1907 does not need to be complied with in cases where the purchase is proposed to be made under the Public Utility Law. The court has held that the section of the law which provides for the acquisition of water works and that none of its provisions were applicable to a case like the one in Janesville.

Secondly, the court has held that the question need not be submitted in the literal words of the statute, but is sufficient if the voters were not misled. The voters do not in fact, need to be misled or have in mind any specific property to be bought, as under the law this is subject to the determination of the railroad commission. This reasoning is applicable to any situation. Even so, the Janesville situation is a special case. The commission was to fix the valuation and determine what property was to be taken. There is not the slightest question about the sufficiency of the vote.

The supreme court holds in effect that when the city of Janesville took its vote it bound itself irrevocably to pay for the works at the price fixed by the railroad commission. The city also holds that the city need not provide for the collection of a direct annual tax, sufficient to pay the debt and interest within twenty years, before the valuation is made. The court has held that the requirement of the railroad commission is directed to withhold the filing of the final certificate of valuation for such reasonable time as will permit the city to complete its work.

May Issue Bonds. "The exact words of the opinion of this phase of the case are as follows: 'Under the law as it now stands it becomes the duty of the railroad commission to determine the amount of the purchase price and the terms and conditions of sale, to notify the city of the result of its action and to give it a reasonable time to complete its duty and before the certificate is filed to make provisions for the collection of the direct annual tax required by the constitution. And upon such notice as is given, the city is to comply with the constitutional provisions.' And it, in view of the terms and conditions of sale imposed by the railroad commission, it is the duty of the city to raise money to procure the purchase price, it can do so without any further vote of the electors. Their vote to purchase the plant must be held to include the vote to raise money by the issuance of bonds, if that method be deemed necessary or expedient by the city council."

"The supreme court in effect has found that a literal compliance with the terms of the act will render the law invalid. It has, therefore, given the railroad commission mandatory instructions not to file the certificate of valuation until the city has itself in legal position. Vote to Buy Includes Pav. "One of the most important holdings of the court bears upon the power of the council to issue bonds. The court has held that the vote to purchase the plant carries with it the right and obligation on the part of the council to issue bonds to cover the purchase price without a vote of the electors, and that the question of municipal ownership as originally submitted to the people need not be in the words of the statute, are two important points determined by the state supreme court in its decision on the case, James vs City of Racine, involving the purchase of the Racine water plant.

LAUDS ADVANTAGES OF NEW MONEY BILL

Deputy Comptroller of New York City Praises Measure in Address at Chicago Meeting.

Chicago, Oct. 29.—Increased wealth and new opportunities were predicted for investment bankers under the proposed new currency law by Edmund D. Fisher, deputy comptroller of the currency of New York, in an address delivered today before the Investment Bankers' Association of America.

"The Glass-Owen bill will not prevent the investment banker from borrowing money on securities during the time they are in his hands for placement with the ultimate investor," said Mr. Fisher, "but will remove the tendency to stimulate prices through a plethora of money market. Fairer opportunity for development of business enterprises will come through a broadening demand for the great variety of municipal bonds which again take the place they once held in the investment market."

DECISION IN FAVOR OF DELAVAN EDITOR

Maurice Morrissey Wins His Appeal in Case Brought by Wallace Ingalls for Alleged Libel.

Madison, Oct. 29.—Maurice Morrissey, editor of the Delavan Republican, finally won out in the case brought against him by Wallace Ingalls of Racine for alleged libel in the 1910 political campaign when Mr. Ingalls opposed Henry Allen Cooper as a candidate for congress. The decision of the lower court granting Mr. Ingalls \$750.01 damages and costs was reversed by the supreme court on Tuesday.

The outcome of this case is of interest in Rock county and throughout the first congressional district, as libel suits were also brought by Ingalls against the publishers of the Beloit News and the Monroe Times. These suits have been settled, however, the Delavan case being the only one which was fought to the end.

CLANCEY RESIGNS AS SING SING WARDEN

Writes Out Resignation Following Denial That He Tried to Shield Tammany.

New York, Oct. 29.—The letter of a convict in Sing Sing, as given out yesterday by William Sulzer, deputy governor, and present candidate for the state assembly on the progressive ticket, was again today the axis about which revolved the heated controversy of personality and invective incident to the New York mayoralty campaign.

From his cell in Sing Sing ex-State Senator Stephen J. Stillwell repudiated the correctness of his written application for pardon as made public by Sulzer. He was backed up by James M. Clancey, warden of the prison. Standing by Stillwell, he denied that he was attempting to shield Tammany. Clancey promptly wrote out his resignation and sent it to the state department of prisons.

FIFTY-FOUR DROWN FROM HEAVY RAIN

Severe Rainfall in Several Districts of San Salvador Proves Fatal to Large Number of Inhabitants.

San Salvador, Oct. 29.—Fifty-four deaths from drowning were reported today from districts of the republic of Salvador, including the capital, as a result of the unprecedented severity lasting throughout Monday and Tuesday. Complete reports, it is believed, will greatly augment the list of the victims.

The village of Vera Paz, near San Vicente, is reported destroyed with all its inhabitants. Four were drowned in this city. The rainfall here was about ten inches. Much property was destroyed.

TRANSCRIPTS READ IN CONSPIRACY CASE

Testimony Offered in Henning Alienation Suit is Introduced Today.

Chicago, Oct. 29.—Reading of transcripts of testimony taken at the hearing of the damage suit of John C. Henning, against Clarence S. Funk, charging alienation of the affections of Mrs. Henning, today at the trial of Daniel Donahoe, a lawyer and Isaac Stiefel, a private detective, charged with conspiracy to defame Funk's character.

The first testimony read was that of Alleen Heppner, a defendant in the conspiracy charge, who was tried separately. In the civil suit Miss Heppner testified that she had seen Funk and Mrs. Henning together at the Grand Pacific hotel.

Edwin E. W. Deuter, then a bell boy at the hotel, also testified, stating that he served drinks to Funk and Mrs. Henning in a room at the hotel. Deuter has confessed that his testimony was perjured and he has been granted immunity in return for his evidence for the state in the present case.

KIDNAPPING CASE WITHDRAWN TODAY

Attempt to Prosecute Mrs. Rand and Mrs. Montefiore is Dropped in Dublin Court.

Dublin, Ireland, Oct. 29.—The dropping of the prosecution of Mrs. Lucie Rand, daughter of Henry T. Gage of California, and of Mrs. Dora Montefiore, a London philanthropist, was virtually decided on today when the judge against them on a charge of kidnapping came up before the police magistrate here. The two women had taken a leading part in arranging for the transfer to England of children of striking Irish transport workers. "The children were to be cared for in England during the continuance of the strike."

These efforts were opposed by the Catholic clergy who objected to the children being sent to protestant homes.

GUARDSMEN ARRIVE AND QUIET AFFAIRS

General Chase and Six Hundred National Watchers Plant Themselves in Trinidad.

Denver, Colo., Oct. 29.—With the arrival of approximately 600 national guardsmen under Adjutant General Chase, Trinidad, which prevailed throughout the strike district, according to advices received by Gov. Ammons.

Approximately 300 guardsmen under Col. Edward Verdeckger reached Walsenburg for duty in the Ilieriano county camps. The governor has learned that telephone lines in the strike zone were being tampered with.

DRINK BEVERAGES AFTER BEING PAID

Indians on Tower Reservation in Minnesota Use Money on Alcohol and Whiskies.

Tower, Minn., Oct. 29.—After the Indians of the reservation here had been paid their annuities by Superintendent Reagan they proceeded to spend their money freely for alcohol and whisky. As a result today there has been a riot in the town of about Tower, according to Mr. Reagan. The red men and women of Vermillion Lake engaged in an orgy last night and early today.

Every cent of the money went to several men who are suspected of playing their trade in this vicinity on similar occasions.

COUNTERFEITER IS GIVEN LONG TERM

Earrest A. Muret, Bogus Dentist and Friend of Rev. Hans Schmidt, Convicted With Outfit on Him.

New York, Oct. 29.—Earrest A. Muret, bogus dentist and companion of the Rev. Hans Schmidt, slayer of Anna Ammiller, was sentenced today to serve seven years and six months in the federal prison at Atlanta for having in his possession a counterfeit outfit to be used in counterfeiting \$20 bills. Muret was convicted yesterday. In sentencing Muret the court denied his request to be permitted to return to Germany and remain there.

SULZER'S ENEMIES IN ATTACK ON HIS WIFE

Circulate Pamphlet in Hebrew Among Jews of Sixth Assembly District.

New York, Oct. 29.—William Sulzer asked the authorities today to investigate the circulation of a pamphlet attacking his wife. This pamphlet, written in Hebrew, was circulated anonymously in the sixth assembly district where the ex-governor is running for assemblyman on the progressive ticket. Jews predominate in this district. Sulzer had it read last night when he addressed a big political meeting.

The pamphlet said that Mrs. Sulzer, although a Jewess, repudiated her faith after her husband became governor and on more than one occasion in Philadelphia Mrs. Sulzer had introduced herself as a Presbyterian. Rabbi Joseph Levenson of Albany, who read the circular at the meeting, called it an infamous lie. He said that Mrs. Sulzer frequently attended services at his synagogue.

FOREIGN POWERS TO AWAIT FORMAL NOTE

SECRETARY BRYAN AND PRESIDENT WILSON HOLD LONG CONFERENCE TODAY.

COMMENTS IN MEXICO

Claim That Huerta's Election Shows Temperament of the People of Republic on Foreign Interference.

Washington, Oct. 29.—Secretary Bryan said today that a formal note had been sent to all the European governments asking them to suspend the formulation of a policy toward Mexico until the United States had defined its attitude. While England, France and Germany, he said, have already been heard from, it is expected that the other governments will follow the three great powers in awaiting the decision of the United States as to the next step in bringing peace in Mexico.

Holds Conference. President Wilson had an early conference with Secretary Bryan today and the secretary stated afterwards that they were at work on the next step in the policy that will be pursued. It is expected that the United States will make formal demand for the elimination of Huerta and the conduct of fair and free elections, possibly with some safeguards to systematize the election machinery.

No Comment. There was absolutely no comment forthcoming, however, from the quarters as to just what was intended by the United States, but it was generally agreed in official circles that some positive action looking towards the removal of Huerta would be in line with the expectations of the powers.

Meager Reports. Only meager reports have reached the state department on the recent election. Consular dispatches reported Monterey still in the hands of the federals after fighting in which no Americans were injured.

Admiral Fletcher told Rear Ad. Diaz and his party were aboard the battleship Louisiana and that "all was quiet."

No Protests. Vera Cruz, Oct. 29.—No advices as to what is to be done with Diaz and his fellow refugees on board the United States battleship Louisiana have come from Washington up to a point this morning to John Lind, naval attaché here.

Admiral Fletcher, who expressed some anxiety as to their eventual disposition. No sign of protest against the granting of an asylum to the refugees on board an American battleship has been made by the Mexican authorities.

Fresh Triumphs. Mexico City, Mexico, Oct. 29.—"Each hour brings news of fresh triumph for the Huerta-Blancet ticket in the Mexican states," says El Diario, the government's organ in an editorial today. "These votes have a double significance—sanction of the attitude of our president and disapproval, we might say, of the securing of the wicked unfounded and insolent meddling of a foreign power in our domestic affairs."

Criticizes Wilson. "The attitude of the president of the United States in withholding the electoral tickets of those who favor the rebels in the north of Mexico and opposing those of the supporters of legality, order, and national dignity, has assured the continuation of proHuerta propaganda in our country. Moreover it has gathered about Huerta all those that are honorable and worthy in the country and consecrated him in the present difficult circumstance as the difficult president of the Mexican republic."

After Diaz. El Independiente says: "The rebel of Veracruz and the hero of Cuicatlan (Mexico) declares himself vanquished. Under the leadership of John Lind, he has shown himself a military man, full of terror, and entirely devoid of honor."

El Informativo says: "The nephew of the great Don Porfirio Diaz showed himself as cowardly as a rabbit."

FRAME AMENDMENTS TO CURRENCY BILL

Majority of Senate Banking Committee Favors Central Bank Plan—Compromise Possible.

Washington, Oct. 29.—Actual work on framing amendments to the administration currency bill was begun today in the senate banking committee. While a majority of the committee favors the central bank plan, opposition in the house and the evidence Wilson seemed to foreshadow some sort of a compromise measure.

CLOSING ARGUMENTS IN THE EATON CASE

Defendant's Attorney Takes Two Hours Today to Close His Plea to the Jury.

Plymouth, Mass., Oct. 29.—The closing argument in behalf of Mrs. Jennie May Eaton, charged with the murder of her husband, Rear Admiral Joseph Gies Eaton, was made today by William A. Morse. He allowed almost two hours for his efforts to convince the jury that the evidence showed that the rear admiral himself administered the poison which caused his death.

It was expected that the case would go to the jury late this afternoon. Attorney Morse reviewed the incidents of Mrs. Eaton's life as related by the defendant on the witness stand and declared that "because she was the victim of circumstances she was forced to face a murder charge."

Admiral Eaton was intemperate and possessed a mind that was vile, but he had a polished exterior, Attorney Morse said. He took drugs to the end of his life.

The prosecution, the attorney said, had been unable to find a motive for the crime and so had suggested several from which the jury might choose.

INDUSTRIAL BOARD CALLED TO ACCOUNT

Supreme Court Has Caustic Criticism for Members of Commission—Takes Filing at Doctors.

Madison, Wis., Oct. 29.—The state industrial commission received caustic criticism by the supreme court in its approval of an alleged excessive physician's bill in a workmen's compensation case coming from Milwaukee. The court also takes a fling at the medical profession. Where the lawyer formerly worked the injured man to the limit, the court says in effect, the physician now works the municipality for medical services.

One Henry Miller lost his great toe while in the employ of the city of Milwaukee. He employed a Dr. Bradstad, who, however, was not the physician engaged by the city. Dr. Bradstad made four visits in ninety days, leaving his visits only on the ninth, tenth, and eleventh days of each month, when the law says such services shall end. On one day the doctor made four visits and applied as many dressings. His bill was \$222, and the industrial commission, while regarding the claim as excessive, accepted his evidence as sufficient to sustain his claim. The supreme court modifies the judgment by deducting the charges for nurse and for medical and surgical treatment, leaving the sum of \$177.50, and so modified affirms the judgment.

"Triers circumstanced like the Industrial commission," says Justice Marshall in the opinion, "have a right and duty to apply their own common sense and experience to such a situation as existed here, and not to allow a claim which appears manifestly exorbitant merely because verified by the person to be benefited by its allowance. No more should have been allowed in this case than would appear to a reasonable certainty fair in case of the injured man being responsible for payment without any right to reimbursement."

In looking over the Bradstad claim as it appears in the statement of facts one can but marvel that it was exhibited to such a board as the industrial commission for approval, especially with any thought of its being allowed in full."

PLAN FOR THE CARE OF AGED MINISTERS

Ministerial Relief Board of Congregational Church Consider Endowment Plan.

Kansas City, Oct. 29.—How to take care of the aged minister and his family was the problem discussed by the Congregational board of ministerial relief at its meeting here today in connection with the national council of Congregational churches.

A committee that has been working upon a pension plan for three years presented its report, providing that twenty per cent of the proposed benefits be paid to the minister's family. The plan is a plan and eighty per cent be supplied by the churches. The foundation of a two million dollar endowment fund was urged.

An annuity of \$500 beginning at 65 years of age for ministers who have served the Congregational church at least thirty years. For ministers who have served less than thirty years an annuity of \$100 beginning at the age of 63 with \$100 additional for each year of service.

A disability annuity of \$100 with \$50 additional for each year of service over five years, the total not to exceed \$560.

In case of the death of the minister an annuity for the widow of three-fifths of what would be due and payable to him as an annuitant. His amounting to the death of the minister in the event of death of remarriage of the widow.

MISS TARBELL WILL VISIT BELOIT SHOPS

Magazine Writer Plans Investigation of Factories at Line City on Thursday.

Madison, Wis., Oct. 29.—An investigation of the shops at Beloit will be made by Miss Ida N. Tarbell, who is here gathering information about the workings of the state industrial commission. Miss Tarbell will go to Beloit Thursday afternoon and plans to visit the shops of the Fairbanks-Morse company and also study the work which is being done in the continuation of schools in that city. Yesterday Miss Tarbell called on the gathering information on the work of the extension department of the university and this morning was back at the industrial commission seeking information regarding the co-operation between the state and the employers in the matter of school attendance.

SOUTHWEST SUFFERS FROM SEVERE COLD

Missouri, Kansas and Oklahoma Report Lowest October Temperature in Years.

Kansas City, Mo., Oct. 29.—October temperature records of twenty-five years were broken in Missouri, Kansas and Oklahoma and equalled in Texas when the thermometer early today showed readings ranging from 16 degrees above zero at Concordia and Dodge City, Kansas, to 33 at Dallas and Abilene, Texas.

Causes Suffering. Coming on the heels of snow and sleep storms driven by a biting wind the drop in temperature caused great suffering.

A light sheet of snow covered all of Kansas and parts of Oklahoma and Missouri. The heaviest fall recorded was two and one-half inches here.

Try to Save Fruit. Springfield, Mo., Oct. 29.—Smudge fires are smoking throughout the Ozark apple belt today in an effort by orchardists to save several thousand bushels of fruit hanging on the trees. The drop in temperature to twenty-three degrees early today caught many fruit growers with picking scarcely begun.

STRIKERS WILL WALK TO COURT TOMORROW

Nearly 150 Allouez Copper Miners Expect to Take at Least 2,000 More to Court Tomorrow.

Calumet, Mich., Oct. 29.—The 141 Allouez copper mine strikers who are to appear before Circuit Judge O'Brien at Loughton tomorrow morning to answer charges of contempt of court, for alleged violation of an injunction against picketing have announced that they will walk the entire twenty miles from their home. It is expected that they will be joined by other strikers and that when Houghton is reached 2,000 or more will be in line. Friday, when six or seven hundred strikers are to be tried on a similar charge, another big parade probably will be held.

THIRTY DYNAMITERS FIGHT FOR LIBERTY

MEN SENTENCED TO PRISON FOR EXPLOSIONS WANT VERDICTS SET ASIDE.

APPEAL CASES CALLED

Three Days' Hearing Will be Devoted to Cases Started Today in United States Court at Chicago.

Chicago, Oct. 29.—Another chapter in the nation-wide story of the dynamite plot which extended throughout the country and culminated in the fatal explosion in Los Angeles in 1910, was written today when the case was called before the United States circuit court of appeals.

Thirty of the thirty-three labor union officials who were adjudged guilty with the McNamara brothers in promoting explosions, asked that the present term judges A. B. Anderson and Indianapolis last December and that they be given a new trial. Opposed to them the federal government asked that the convicted men be sent back to the prison at Leavenworth, Kansas, to serve out their term.

Try Out on Bond. A sentence of seven years, the heaviest penalty of all, hangs over Frank M. Ryan, who is out on \$70,000 bond pending this appeal. He was given the longest term because he was rendered at Indianapolis last December and that they be given a new trial. Opposed to them the federal government asked that the convicted men be sent back to the prison at Leavenworth, Kansas, to serve out their term.

Six years' imprisonment is the penalty which Olaf A. Tvetmoie of San Francisco and each of six others asked to be set aside. Tvetmoie is a labor leader prominent on the Pacific coast. He was given the same term because they were found guilty of voting to appropriate the union's fund for dynamiting non-union work or actually aiding John J. and James B. McNamara in explosions on the Pacific coast.

The other prison terms, most of which have been suspended pending the appeal, vary from four years to one year and one day.

Three days of the present court are to be devoted to the hearing of the appeals and the government's opposition. It is likely that when the argument is concluded Judges Kohlsaat, Baker and Sweeney will take the matter under advisement and render their decision at some later date. It is understood that should the present appeal be adverse to the convicted statesmen it will be carried to the United States supreme court.

The basis of the appeal as outlined by Chester H. Krum of St. Louis and Elijah N. Zoline of Chicago, the counsel, is:

There is under the federal statutes no such crime as a conspiracy of which the men were convicted; viz., conspiracy to violate the law against the interstate shipment of explosives on passenger trains.

The act being no such conspiracy the defendants should not have been guilty as principals in the having of explosives by Orrie E. McManigal and the McNamara.

That the defendants did not have a fair trial.

Several Not Appearing. District Attorney Charles W. Miller of Indiana has charge of the government's case, the brief of which contains more than seven hundred pages. Among those who are not appearing is Herbert S. Hocking, who is serving a six year term at Leavenworth. He was called the "Jago" of the conspiracy. It was charged that he not only carried dynamite and nitroglycerine in a suit case, but that he gave information to the detective while in the confidence of his conspirators. At first he appeared among the defendants at the trials at Indianapolis, but later he was abandoned by his counsel and was kept in jail before the case went to the jury.

October has figured often in the history of the dynamiters. It was October, 1910, that the Los Angeles Times building was blown up; October 4, 1911, that the federal government intervened in the cases; October a year later that the case began at Indianapolis and now October when the appeals are argued.

The present appellants reside in more than twenty cities as distantly scattered as Boston, San Francisco, Duluth and New Orleans.

NO AUTHORITY TO REWARD FOR ARREST OF BURGLARS

Madison, Wis., Oct. 29.—The sheriff and county board chairman have authority to offer a reward for the apprehension of persons committing burglaries in the night time. Attorney General Walter C. Owen says this opinion to day to Paul R. Newcomb of Durand, district attorney of Penn. county. In his letter the district attorney says that two burglaries were recently committed in the county, one at Arkansas and the other at Peroumpe. In each case about \$500 was taken. The penalty for the offense is from one to ten years. Rewards can only be offered for the committing of felonies where the penalties are more than five years.

CONFERENCE ON CORN GRADING AT CAPITAL

Washington, D. C., Oct. 29.—Scores of persons interested in the handling and marketing of corn attended the public hearing held at the Department of Agriculture today and expressed their views upon the tentative grades for corn, as announced by the department on August 22, 1913. The department of agriculture is holding the hearing to give every one interested in the subject an opportunity to make suggestions concerning the new grades of corn which are to be established. This is the first attempt to establish a scientific and standard grading for corn and will take the place of the personal judgment by which corn has been bought and sold heretofore.

INDIGESTION, GAS OR SICK, SOUR STOMACH

Time it!—"Pape's Diaphepsin" makes your upset, bloated stomach feel fine in five minutes.

"Really does" put bad stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that's just what—makes Pape's Diaphepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, acidulated food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment Pape's Diaphepsin comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diaphepsin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back. A SEAL OF APPROVAL PLACED ON REFINED TANGO AS A DANCE

"Mothers' Meeting Held at Library Hall Tuesday Decides Dance Is Proper If Taught Correctly.

(By a Mother)

With the official seal of approval of some thirty-eight "mothers" placed upon it, the question of refined tango as a suitable dance for the young people of Janesville to indulge in, has been decided. Not only that, but it is suggested that the dance be taught in the gymnasium of the high school by a competent instructor and that in the rooms of the Merchants and Manufacturers' association and which was attended by the secretaries of over forty commercial organizations in the state.

The purpose of the new organization is to clear up the confusion of the problems of commercial bodies throughout the state.

The officers are as follows:
President, W. H. Reed, Racine; vice-president, J. E. Uermogel, La Crosse; secretary, Robert L. Frost, Milwaukee; treasurer, C. S. Orthman, Stevens Point; executive committee, R. A. Herrick, Antigo; J. W. Elliott, Oshkosh; and Lloyd Nesbit, Barron.

A constitution was adopted and plans for the coming year were discussed.

Last night a banquet was given by the Merchants and Manufacturers' association of Milwaukee to the new organization. It was attended by over 200 business men. Frank P. Blumenthal acted as toastmaster.

The first speaker was Mayor Badger, who urged that the business men of the state interest themselves in civic affairs. "Business is based on prosperity," he said, "and the manufacturers who have so much at stake should see to it that the state as a whole is in a prosperous condition and that its affairs are on a sound basis."

Mrs. Frank Blodgett gave an excellent talk from the real mother's standpoint, and was clear and concise and to the point at issue—the tango. Mrs. Day, Mrs. Fred Sheldon and Mrs. W. S. Jeffris also spoke on the question under discussion as did many others. It was a most interesting debate, but all to the same end, the approval of the tango in its refined form. The real pill of the whole question came out when some of the "mothers" admitted they had learned the tango and could see no harm in it. In fact one of the ladies who expressed her approval of the dance is the same lady who objected to it when the question was discussed at a recent meeting of the civic league at the city hall. She hadn't learned it then.

The question of lack of proper chaperones at the informal hops given and attended by high school students also came up for discussion. It was decided that there should be proper chaperones and it was the sense of the meeting that a paper be passed around to see how many of the "mothers" present would be willing to act as such. It was returned to the chair well signed. It was also thought proper to have the refined tango taught properly at the next dance. Mrs. G. B. by a competent instructor, and with this idea in view the sum of \$6.18 was collected to pay for one hour's lesson, at five dollars per hour. Just why the eighteen cents was added is the mystery.

The question of the use of the high school gymnasium for the teaching of the dance was taken up and before it was finished a committee was named to approach Prof. Buell on the subject and urge that the gymnasium be used for this purpose and not only that but for the high school hops as well. It appears that Mr. Buell refused permission to use the gymnasium for the hops because he said it detracted from the studies of the students and that the scholarship was not up to standard. But for hops is a mistaken impression that the students who attend the high school do so with a view of obtaining an education. However the attempt will be made to obtain the gymnasium for the purposes suggested.

It should be said that some of the mothers did not approve of the tango at all.

At any rate a few of them expressed themselves quite freely on the question—but that was after the meeting was over. Doubtless these mothers have not learned the charms of the tango as yet and may change their minds. I have heard the statement the dance imported from the Argentine, in its refined form of course, is such a cute little dance, such good exercise and so cunning. I dare it is better than physical culture as an exercise because it is "fun."

As a result of the meeting it is probable that the refined tango will take its place as one of the institutions of this city. This despite the fact it has been barred from the Madison dances, for both the university students and younger society set, is driven out of the cabarets in Chicago and not permitted in other cities in this country. INDIGESTION, GAS OR SICK, SOUR STOMACH

Time it!—"Pape's Diaphepsin" makes your upset, bloated stomach feel fine in five minutes.

"Really does" put bad stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that's just what—makes Pape's Diaphepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, acidulated food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment Pape's Diaphepsin comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diaphepsin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back. DOWN IN ILLINOIS A FARM DEMONSTRATOR WILL BE TRIED OUT

De Kalb County Subscribes \$30,000 for Three Years' Campaign—Might Succeed in Rock County.

Down in Illinois the question of improvement in farm methods is also being discussed. The farm demonstrator plan, which is now being agitated for trial in Rock county, was given its first practical application in De Kalb county through the efforts of the bankers. Their association decided to chip in, hire the best farm demonstrator they could find, and start to work. In a short time they raised more than \$30,000 to cover a campaign of three years. But the banks did not subscribe all this money. They put the necessary funds to make a start and appointed a committee of three in each township in the county to preach the gospel of better farming and ask for subscriptions. More than 700 farmers contributed to the fund.

The county itself found a way to appropriate a couple of thousand dollars. Prof. Eckhardt of the state university, who was employed at a salary of \$4,000 a year, furnished with an automobile, and set to work.

The record which De Kalb county has made this year in the production of corn is a sufficient demonstration of the wisdom of the plan.

Discussion of the movement in Rock county has been set agoing by members of the county experimental society, by the Janesville Commercial Club and others who are anxious to further the prosperity of this section of the state. Noyes Raessler of the experimental society in speaking on this subject to the Commercial Club last night on Monday declared that Rock county had a chance to secure this official. Not a southern county has as yet manifested any interest in the proposition, the five applications thus far received at Madison being from northern and central sections of the state.

"It would be pertinent to the question to hear from some of the farmers of the county with reference to the plan. A few letters have been sent out asking for views, and any who are interested are invited to take part in the discussion. The columns of the Gazette are free to the public on the proposition.

PE-RU-NA DID WONDERS FOR ME.

MRS. ROSA BOYER
Mrs. Rosa Boyer, 1421 Sherman Ave., Evanston, Ill., writes: "If any one has reason to praise Peruina it is surely myself."

"Last spring I became so run down from the serious effects of a lingering cold, that several complications united in pulling me down. I could neither eat nor sleep well, and lost flesh and spirit."

"I finally tried Peruina and it did wonders for me. In two weeks I was like another person, and in a month I felt better than I ever had before. I thank Peruina for new life and strength. I send you two pictures so you can see what Peruina has done for me."

Some people find it more convenient to take tablets than fluid medicines. This is especially true of busy men who have some cathartic affection, or some trouble with the stomach, that does not actually prevent them from working as usual. We have had the Peruina made into tablets for those who prefer to use them that way.

Every one ought to get a copy of the latest edition of the "Bills of Life." It contains many astonishing testimonials and a great many suggestions for people who wish to get well and who wish to keep well.

Quite a few old redskin tribes that used to terrorize our progenitors are represented on the Carlisle football squad. A glance at the genealogy of some of the Indian warriors shows them to have descended from the most prominent Indian social circles of yesterday. And while there are among them young bucks who years ago would have been eager to scalp one another, there is no sign of that tribal enmity now. All of them Sioux and Chippewa, Mission and Tuscarora, are banded together to play and choke the white man. Merely the white man that plays on the other team. In an older day the Sioux and Chippewa tribes shot one another down on the way to church and carried on dreadfully. But today at Carlisle there is none of this. Welsh and Guyon, the quarter and left half are Chippewa, while Larvie, the right half, is Sioux. The fullback Calac is a Mission Indian. Garlow, center, is a Tuscarora and so is Busch, a guard. Left tackle Welmas is a Mission and Wallette, playing end, is another Chippewa.

They're up against it for a regular punter at Yale. Coach Andrews feels rather desperate about the situation there and as Captain Baker seems to have taken a slump with his boot, Andrews is casting around among the subs and the scrubs in the hope of lighting upon an unused hero who can come forward and project the ball at any time over all the goal posts in sight. At present Lambertson seems to be the best bet. In practice he has occasionally shown form that has been the delight of all beholders and Coach Andrews thinks that by a little assiduous coaching Lambertson will develop into Princeton's most prominent punter. Baker thus far this season has not shown his old-time form. In practice games with the scrubs he has had difficulty in dropping successfully from the 20-yard line, which is another day he regarded as a perfect snap.

Kid Williams, the Pittsburgh scrapper, though not ranked among the fastest boys in the game, claims to at least one record in the ring well worth bragging about. Never in all his career in the ring—and Williams has fought something like 100 fast and furious battles—has he been knocked down. And, of course, he was never knocked out. Williams is one of the most aggressive fighters in the game. He is able to take a great deal of punishment, but with all the beating he has received he has never been put on the floor. Which is more than can be said by the majority of our best little battlers.

Old Fox Griffith, the Washington manager, has given points to most of the rest of the big league managers in his gentle art of breaking in recruits. In this department Griffith is getting such pleasant results that most of the other leaders are keeping an eye on him. A recruit pitcher is not always a cinch. No matter what goods he may seem to have he frequently falls so far short in control and in holding his position that he appears hopeless in spite of his other ability. Watching the bags in another big item. And Griffith has doped out a means of curing them of their wildness and of teaching them the fine points that have helped his youngsters wonderfully. After the close of the regular season, the young twirlers are put through all the paces of a regular game. They not alone practice control, but watching the bags as well and are taught how to hold runners to the bases. He makes them practice fielding till they're weak in the back. Griffith figures that if the players are in good shape right after the winter in idleness they will be in much better shape when the spring training trip arrives. The Old Fox's idea of working out his young pitching material after the close of the regular season is being given thoughtful consideration by many another manager.

REST OF GAMES TO BE BIG VICTORIES

Statement of High School Mentor Inspires Eleven to Fight All the Harder.—Locals Fought at Beloit.

Realizing that the Janesville high school football eleven fought for all that was in them against Beloit, Coach Curtis now favors them in the remaining games of the year, predicting that they will return victors on the condition that they fight as they did last Saturday. His statement, as it reached the noon yesterday, inspired them, and it is certain that unless something radical happens, local followers can look forward to a stiff contest with the Jefferson eleven at the Driving Park on Saturday morning of this week. The eleven worked a light signal drill yesterday, for over an hour. Scrimmage will be the pastime today and tomorrow, and the team is recovering fast from the Beloit game and they will be on the gridiron Saturday in the best of condition.

BASEBALL CHATTER.

It looks as if a season in the American Association was just what "Cy" Falkenberg and Jim Vaughn needed. Under Johnson, the leading pitcher under the big top, has yet to pitch a no-hit game in major league baseball. First Baseman "Hap" Myers threatens to quit the game on account of being released to Rochester by the Boston Braves.

Rumors are traveling thick and fast to the effect that the Federal League is to become a regular, big city affair in the near future. The Boston Red Sox and the Chicago White Sox were the only clubs to break even with the Athletics, the season's series standing 11 to 11.

The Chattanooga Southern League Club has signed Harry Brant, of the Petersburg team. He is considered the crack shortstop of the Canadian League.

Manager McGraw has a number of promising youngsters to try out next Spring, and should any of the rookies make good it means the gate for some of the veteran Giants.

Fred Bush, a brother of Pitcher Joe Bush, the Athletics star, has been signed by the New York Americans. He pitched semi-pro ball at Great Falls, Mont., during the last season.

Manistee, the Michigan State League pennant winner, was a bad last in club batting according to the season's records, while Ludington, the cellar champs, led the League in stick work.

"Gavy" Cravath, of the Phillies, hit more homers than any other player in either big league. His record was 19 home runs in the National, while Frank Baker led the American League with 12.

FOOTBALL SITUATION IN WISCONSIN IS A QUESTION OF DOUBT

McCaa, the great LaFayette punter of a decade ago, is assisting "Doc" Newton coach his old college eleven at Easton, Pa. Eddie Hart and Doc Hillebrand, both former Tiger captains, are expected to join the coaching staff at Princeton soon. John Foster, secretary of the New York Giants, will handle the big football games on the Polo grounds, New York, this Fall. Brown and Ingram, who have reported to Coach Howard at Ann Arbor, complete the list of 1912 veterans on the Middies' eleven.

A colored player on the Michigan Agricultural team cannot be induced to wear a headgear. He claims that his head is harder than any headgear made.

Championship Goal May Not Be Reached This Fall by Any High School Team—Too Many Elevens in Field.

From the present looks of things, the Wisconsin state high school football title for 1913, will not be reached. At least there will not be two teams by the close of the season, who can claim superior strength, to other claimants to the title. This decision is judged from the showing made last Saturday, by strong contenders in the northern section of the state, who have gained prominence, by holding rivals to tie scores. Eau Claire was heard from when she held the La Crosse highs to a scoreless tie. Sparta, Tonaw, Oshkosh, Green Bay, Baraboo, and Fond du Lac appear on equal terms.

In the south, Madison, although defeated by one point by West Division, Milwaukee are still in the running. The score of this game was 13 to 14, which would almost warrant the Madison eleven another try for the title. Beloit and Racine are going to make a hard fight for this section of the state, and the game on November 8th, between these two squads may bring out some new prospects as to the sex.

ting of the southern state title. Edgerton and Stoughton are practically out of the running. Janesville will make a strong effort to gain second place and possibly first, if they can come back, which seems hardly probable.

If there is to be any title settled this year, it will not be a state title, unless the teams dwindle down to two or three, in the short period of one month. Oshkosh may turn the tide in the north, and capture the northern championship, while Racine and Beloit look like the southern aspirants, with the favor going to Racine. The latter team appear much stronger than Beloit, because of the victories they have registered this year by one-sided scores. They have won from two Milwaukee high elevens this fall, besides trimming the Kenosha team last Saturday.

AMUSEMENTS

SMOKELESS POWDER USED ON THE STAGE.

Maxim Silencer Also Adds to Mystery in "Within the Law."

Smokeless powder and a Maxim silencer are introduced to the stage for the first time in Bayard Veiller's absorbing new play of human interest, "Within the Law," which the American Play Company is to present at the Myers Theater, matinee and evening, on Saturday, November 1.

The self sacrifice of a professional criminal, who takes the blame upon himself and goes to his execution because of his devotion to a woman who befriended him in an hour of peril, forms one of the thrilling scenes which "Within the Law" abounds. There is also the social problem of the debt involved, when one is unjustly convicted of a crime and sent to prison, serving out the full sentence only to be hounded and persecuted afterward, and thus prevented from earning a reputable living. In this case the convict is a young girl innocent of the crime charged against her but who is "railroaded" to prison to furnish an object lesson against larceny—sacrificed to the plans of a hypocritical employer.

After she has discharged the obligation fixed by the law, she is forced to face the alternative between the life of the pavements and taking up warfare on the law, and she chooses the latter. From a timid girl she develops into a daring woman of ingenuity and resource, becoming a leader of a group of clever malefactors who prey upon society at will and yet manage to frustrate attempts by the authorities to punish them by keeping always "within the law," although they evade the evasions and technicalities of the law to shield them from arrest. Her triumph is suggestive of the possibilities of applying to recognized crime the methods of escaping responsibility supposed to safeguard the personal liberty of "big business" magnates. "Within the Law" has been hailed as the theatrical sensation of the year in both New York and Chicago and its local presentation will be remarkable for one of the most carefully selected casts organized in many seasons. "Within the Law" is now in its second year in New York and promises to eclipse all record for long time runs of American plays.

ward Jack Bessey and his excellent company of associate players, who open an engagement at the Myers theatre on Sunday, Nov. 2, matinee and night, in "The Reformer."

Mr. Bessey is nothing if not versatile, and whether in the role of a smooth-faced inventor or a bearded old mountaineer, he gives the same faithful, even performance which has made his work a standard throughout these parts.

Mr. Bessey is one of the actors who likes to get as close to his public as possible, and during the seasons that he has been playing up through this country, he has made many warm, personal friends. That is why he prefers to come back this way every season rather than traveling over new ground where everybody would be strangers to him.

In almost every city in which the company has appeared so far this season and newspapers have been unanimous in stating that the Jack Bessey company is by far the best organization which has ever appeared in these different cities at popular prices. There isn't a member of the company who isn't a first-class comedian, and the experience which they have gained through their association with the foremost stars of the day is clearly evidenced in the splendid performances they give as members of Mr. Bessey's company.

Playing opposite the star will be Miss Nell Paul, a young Texas woman whose work is really a delight to see. Miss Paul has a superb wardrobe of beautiful dresses, all of which she has designed herself; of this fact, she is justly proud, and when the ladies see them, they will agree, that she has every reason to feel that way. Remember, ladies will be admitted free Monday night under the usual conditions.

STATE LIFE INSURANCE.
After a year of incubation the State Life Insurance company has hatched out a full-fledged corporation, and issued its first policy to the man who introduced the bill which gave it being. Like many other later day reform movements, it presents a bold front and claims to be prompted by a spirit of philanthropy.

The dear people need protection, and the state is morally obligated to furnish it at several degrees below cost, as no piratical agents are to be employed to divide commissions, and a good-natured state press is expected to furnish free publicity.

With many new institutions in handling civic affairs, many improvements planned for the coming year, the new city budget is even smaller than that of last year. This speaks well for the commission form of government.

That "work or resign" slogan ought to start something in the senate. If there is anything more than another senator hates to do, it is to resign.

The Prince of Monaco reports that he was unable to find any real cowboys in the West. Evidently he missed all the moving picture camps.

Sovereign citizens of Mexico who voluntarily neglected their right of suffrage seem to have been actuated by the hope of prolonging their lives.

In visiting Mobile, President Wilson may have abandoned the seat of government, but he got considerably nearer the seat of trouble.

Will the boys and girls who have adopted the lumberjack's Mackinaw coat with such avidity also adopt his felt boots?

WILLIAM T. SHERMAN OF LA PRAIRIE DIES
Life-Long and Highly Respected Resident of County Passes Away After a Long Illness.

William Tecumseh Sherman, a life long and highly esteemed resident of Rock county, passed away shortly before seven o'clock last evening at his home in the town of La Prairie. Death came as the result of an illness of eleven months, during which every possible effort has been made to effect his recovery.

GENEROUS AMERICA.
In consistent aid to the victims of every disaster, whether in time of peace or war, America leads the world and is the most beneficent of nations.

The relief which came from foreign countries during the Chinese famine, in the winter of 1911-12, showed that in philanthropy we have a longer arm than in business. The total amount of aid from foreigners in foreign countries was approximately \$375,000.

The sources of this fund were as follows:
United States \$308,566
Canada 28,040
Hawaii 10,966
Denmark 7,077
Germany 3,643
Japan and Korea 2,935
Sweden 1,992
Great Britain 1,887
Russia 760

The United States gave almost nine-tenths of all the aid received from foreign countries.—The World's Work for November.

It is worth something to be born in a land which leads all other nations in expressing practical sympathy in times of great disaster. The spirit which prompts this generous service is characteristic and every American boy has occasion to be proud of his birthright.

THE TANGO QUESTION.
Apparently there is considerable anxiety on the part of some of the mothers of the younger society set of the city, relative to the tango and its form of dancing. Banned from the cabaret shows of the large cities, tabooed by the university and school authorities at Madison, this dance that was imported from the Argentine country bids fair to be a favorite in Janesville this coming winter.

At first it was disclaimed as shocking and immoral, but that was before some of the mothers learned it. Now they think the refined version of it is all right. Doubtless it is. If it is properly danced it is no worse than the waltz or any other round dance, but improperly danced—well, it is shocking.

At the library, Tuesday, some thirty odd "mothers" met to discuss the problem that confronts them. It was decided the refined tango was all right, that it should be taught and also it was suggested that Prof. Buell be visited with a view of seeing if the gymnasium of the high school could not be obtained for the purpose of holding classes there, for which the teacher was to be paid so much per hour, by the "mothers," to teach the younger set the dance their mothers declare "just too cute for anything and such good exercise."

Before it is all ended the tango question in Janesville promises to be a "tangled" question and if it is to be part of the high school curriculum there are some taxpayers who are going to object strenuously. Thus far Prof. Buell has remained firm in his stand that the dances should not be held in the high school gymnasium and the majority of the citizens will endorse his action. However, if the dance is to become one of the institutions of the city it should be danced properly and the parties where it is enjoyed should be chaperoned to see that improprieties are not permitted. Meanwhile the dance has the approval of the "mothers" who met at the library on Tuesday and passed their official opinion on the question.

It might be well for the Civic League to take up the question of censorship of some of the films that are appearing at the various moving picture theatres. Teaching the boys and girls of the city the stories of crime as portrayed by some of the pictures is not elevating to say the least, and leaves a bad impression upon the youths who go to see and try to emulate the hero of the picture drama in their play. Burglars exist,

men escape from prison every day, but why teach the youth how it is done?

Now that the supreme court has decided the validity of the railroad commission's ruling as to the purchase of the Racine water works by the city, Janesville officials are preparing to go ahead and complete the purchase as speedily as possible. The delay in following out the wishes of the people, as expressed at the polls, has been due to the question which has just been settled, and it is now probable that the consumers will pay their January water bills to the city government.

Butter and eggs have taken a sudden jump upward and the average housewife bemoans the fact. However, these two commodities always go up in price this time of the year. Later they will be even higher, perhaps, and then it will be time to groan.

With many new institutions in handling civic affairs, many improvements planned for the coming year, the new city budget is even smaller than that of last year. This speaks well for the commission form of government.

That "work or resign" slogan ought to start something in the senate. If there is anything more than another senator hates to do, it is to resign.

WILLIAM T. SHERMAN OF LA PRAIRIE DIES
Life-Long and Highly Respected Resident of County Passes Away After a Long Illness.

William Tecumseh Sherman, a life long and highly esteemed resident of Rock county, passed away shortly before seven o'clock last evening at his home in the town of La Prairie. Death came as the result of an illness of eleven months, during which every possible effort has been made to effect his recovery.

For eight years he served his township as chairman, representing it on the county board in a most satisfactory manner. He gave the same careful attention to the town's affairs that he gave to his own and Rock county has benefited from his wise counsel and judicious stands taken in his connection with the conduct of the county's business.

Possessing a genial and friendly nature he was widely known and loved. He was a man of noble qualities, unassuming, yet his influence was all the more effective among his associates. He had many friends and neighbors who will mourn his passing as that of their own brother.

He was a member of Western Star Lodge No. 14 in the Masonic order and of Wisconsin lodge No. 14, I. O. O. F.

Men of Mr. Sherman's stamp are the strength and pride of every community. Loyal, patriotic, courageous, high principled, God-fearing, they are looked up to and respected by men and women in every station of life.

Such men of whom Mr. Sherman was a type, we are pleased to call the truest Americans.

Still a young man, Mr. Sherman's passing is a distinct loss, for his high ideals of citizenship and his exemplary life were an inspiration to his large circle of acquaintances as well as to his closest friends.

He was married to Miss Nellie Clark of this city on Nov. 26, 1890, and is survived by her and three children, two daughters, Misses Ruth and Rhoda, and one son, George Sherman. His mother, Mrs. Laura Sherman, resides in Chicago. There are also three brothers, Guy Sherman of Chicago; Louis Sherman of Milwaukee and Lee Sherman of Everett, Wash. One sister, Mrs. Fred Riesen, lives in Milwaukee. Another sister, Mrs. Irving Tarrant, died some years ago.

Funeral services at the home in La Prairie at one-thirty o'clock Friday afternoon will be private, but public services will be conducted at the First Baptist church at two-thirty o'clock, the Rev. Joseph Chalmers, pastor officiating. Burial will be made in Oak Hill cemetery.

CITY BUDGET LOWER THAN ONE YEAR AGO

TOTAL AMOUNT LEVY \$157,215 LESS THAN THE LAST BY \$2,768.

MAIN FUNDS GREATER

School and Industrial School, Fire and Water, and Library Funds Show Increase.

One hundred and fifty-seven thousand, two hundred and fifteen dollars and 15 cents by taxation in the city of Janesville for purely municipal purposes for the ensuing year, according to a resolution passed by the city council at its meeting yesterday afternoon. This is less than the figure of last year's levy—\$159,983.00—by \$2,768. The reduction occurred in spite of the fact that increases have been made in the appropriations toward various departments and municipal institutions.

The school fund is larger by one thousand dollars, most of this particular increase being accounted for by setting aside \$500 for the maintenance of the two playgrounds established and maintained this year by private benevolence, and for the establishment of a third playground in the first ward.

The fire and water fund is higher by \$2,000, the library fund by \$500, the industrial school fund by \$1,600, ward or highway funds are lower by \$1,323. Funds unchanged from last year are those of the hospital, visiting nurse, general fund, lighting and memorial day. No appropriation toward a bridge fund was made. Last year this item was \$5,000. All ward or highway funds this year were figured on the basis of one and one-quarter per cent of the valuation of each ward.

The increase in the fire and water fund is accounted for by appropriations for salary increases, which it is admitted are generally needed, and extensive repairs to the fire stations. A new heating plant is needed at the East Side station, and a new boiler at the West Side station. Sprinkling system is also in need of extensive repairs.

Because of a good balance remaining and favorable contracts the city found it unnecessary to make an appropriation to the bridge fund this year. Because of the improved condition of the streets of the city it has also been found possible to make a reduction in the highway or ward funds.

New Expenditures.
Several new items are to be found in the general fund. They are an appropriation of \$600 for garbage removal, \$2,400 for the improvement of St. Lawrence avenue from Park to East street, \$500 as a starting fund toward the establishment of a public convenience station on the Corn Exchange, and \$200 for music in the parks. The appropriation for garbage removal, it is expected, will be used in developing a more satisfactory system of collection, especially in the downtown district. The proposed improvement of St. Lawrence avenue is the laying of an asphalt macadam pavement, the cost of which will have to be apportioned between the city, the county, and the owners of abutting property. The five hundred dollars for a public convenience station will be devoted in part to awarding prizes for the three best designs submitted.

Bonded Debt Reductions.
Because of the fact that the city paid off \$6,000, the remaining bonded indebtedness on the high school building, the bonded debt fund in the budget just adopted is less than that of last year by \$2,920. The city will pay off bonds \$14,500, and an interest of \$7,320—a total of \$21,820. This will be apportioned as follows: City hall (first and second issues) \$5,000; Court street bridge, \$1,000; Garfield school, \$1,000; Jefferson school, \$1,000; main outlet sewer, \$2,500; Racine street bridge, \$1,000; Fourth avenue bridge, \$1,000; Milwaukee street bridge, \$2,000.

The appropriations to the various funds are as follows:
Bonded debt \$22,320
School 45,000
Hospital 600
Visiting nurse 1,900
General fund 25,300
Fire and water 21,500
Lighting 15,000
Bridge fund No appropriation
Library 5,900
Memorial Day 75
Industrial school 4,180
Ward or highways funds \$4,761.80
First ward \$4,972.20
Second ward \$5,638.20
Third ward \$3,419.10
Fourth ward 1,823.70
Fifth ward 1,823.70
Total ward funds \$13,140

Total of all funds \$157,215
Departmental Estimates.
With the idea of applying the budget principle as thoroughly as possible the council this year called upon all departments and city institutions to present itemized estimates of the sums of money that would be required for their maintenance during the coming year. This has been applied to the general fund which in many city administrations like charity, covers a multitude of sins. Below are given the estimates referred to:

General Fund.
Salaries \$25,000
Hospital 500
Oiling street intersections 500
Street cleaning 5,000
Engineering department 2,000
Police department 1,000
City clerk and city treasurer department 700
City attorney 250
Health 1,000
Visiting nurse 1,000
Garbage removal 600
Improvement St. Lawrence avenue 2,400
Nucleus for public convenience station 500
Transfer to fire department for hose and horses 650

Insurance 1,500.00
Incidental 800.00
Playgrounds 800.00
Total \$84,400.00
From the balance in the treasury July 1 and the amounts credited to the school fund there has been paid on this year's expenses \$13,761.25.

leaving a balance to provide for of \$70,638.72. To meet this there will be available the following amounts:
Aid from state and county \$23,000.00
Tuition 1,200.00
Miscellaneous sources 500.00
Total \$24,700.00

This leaves a balance of \$45,938.72 unprovided for, which amount we ask you to provide for in your next tax levy. This will provide for the expenses of the school to October 1, 1914, and will meet the expenses after October 1, 1914 until the tax levy of 1915 becomes available. It will then be necessary to provide the board of education with money which can be repaid from the levy when collected.

S. B. BUCKMASTER, president.
S. C. BURNHAM, clerk.
Fire Department.
Salaries \$13,000
Horse shoeing 1,000

Total \$5,016
Bills for the usual supplies and labor and the other salary list were allowed at yesterday's meeting of the council. The petition of Charles F. Kneff to transfer his saloon to George F. Wilbur was granted and the bond of Mr. Wilbur accepted. The report of the superintendent of the state crusher for the last two weeks, which was accepted, showed that a total of 5114 cubic yards of stone had been crushed in that time. A sewer claim was referred to the city engineer.

City Clerk Hammarlund was instructed to purchase a minimum carload of gutter plates. Some time was given to the discussion of improving the street lighting on the east approach to the Milwaukee bridge and it was decided to make an investigation. The council will attempt to remove the brims of sod and earth along the sidewalks before winter sets in to make it unnecessary for pedestrians to wade in water and slush.

FINISH EXAMINATION OF STATE WITNESSES

First Testimony for Defense Heard This Afternoon—Two Interpreters Are Employed.

Testimony for the state in the case of George Blum versus the city of Janesville, now being tried in the circuit court, was completed at about three o'clock this afternoon and the first witnesses for the defense were called. Ten or more witnesses were produced by the state and the defense. It is understood that the witnesses are unable to speak or understand English to any extent and two interpreters are being employed. The defendant, however, speaks English well, having been in this country for twelve or thirteen years.

District Attorney David H. Jones has assisting him as special counsel T. D. Woolsey of Beloit. It is not expected that the attorneys will present their arguments to the court until late tomorrow, and possibly not until Friday. Because of the necessity of using interpreters the examination of witnesses proceeds slowly.

CHICAGO PHYSICIAN GIVES AN ADDRESS

Twenty-five members of the Rock County Medical society attended the evening meeting held at the city hall last evening. Dr. P. W. W. Pyre, president of the association, was chairman of the evening.

DELEGATES EXPRESS THEIR APPRECIATION

Through the Rev T. C. Thorson Thank Twenty-Five Thousand Club for Automobile Ride.

Through the Rev. T. C. Thorson, pastor of the local Norwegian Lutheran church, the delegates to the convention of Young People's Societies expressed their gratitude to the members of the Twenty-five Thousand Club for the automobile ride given them last Saturday.

"Do you doubt that Janesville has a real live Booster Club, that either boosts or busts? The delegates from Orfordville, Whitewater, Edgerton, Stoughton, Beloit, Lee and Capron, Ill., who attended the Norwegian Lutheran Young People's Convention here Saturday last, know that Janesville has a Booster Club true to its name.

One of the features of last Saturday's program so much appreciated by the delegates was the auto tour of the city given by the Booster Club.

The writer knows and all who spoke with the delegates know that Janesville has boosters in her neighboring cities. To Mr. Croak, the president of the Booster Club, to all who furnished the car for the occasion, on behalf of the delegates a sincere thanks! Long live the Booster Club!"

FORUM TO BANQUET AT APOLLO FRIDAY

Theatre Party, Rousing Program, and An Elaborate Menu Are Plans for Evening.

Members of the Forum Literary society of the high school, under the supervision of Prof. J. T. Shearor, critic of the club, will hold a very unique form of entertainment on Friday evening at the Apollo theatre.

Besides the present members and their lady friends, who are to be in attendance, it is expected many of the old-grad members will reply to the invitations sent them some time ago.

The crowd will meet at the high school at seven o'clock, and in a body will attend the theatre, where they will take in the first show between the hours of seven-thirty and nine.

Following the show, the party will occupy the dance hall above the theatre, where an elaborate menu will be served, followed by a program. The program is to be a secret, and many surprises are likely to be sprung on the old-grad members at that time.

Prof. Shearor is planning to put the society on its feet again, and much credit is due him for the origin of this idea. It is expected that thirty couples or more will attend. The idea of inviting the old members is to pay the way toward holding a reunion of the society each year if it is possible to get the old members of several years ago to be present. A good deal of interest is being taken in the affair Friday night.

The ladies of the Cargill Methodist church will hold their annual Christmas sale and supper Wednesday, December 10th. Sale of fancy articles and home baking. Chicken-pie supper.

NOTICE.
To members of Odd Fellows' Social and Beneficial club, an assessment of \$1.00 is now due on the death of Bro. Wm. Sherman, also club dues. Please call at East Side Hitch barn and pay same and oblige.

LOCAL MARKETS.

"There is grave danger of potatoes going at a higher price than ninety cents within the next few days," said the farmers, who have plenty of them ready for the market, bring them to the dealers," said one of the local grocersmen today. "The growers are holding back their crops for the dollar mark, hoping that they will get a better price. At the present time the dealers are experiencing trouble in obtaining potatoes and those who did not buy enough in the early part of the season are being forced to ship them in from the northern section of the state to meet the demand. We can obtain potatoes shipped in here at prices lower than the farmers will sell them here," said the dealer.

Many people are finding that sweet potatoes serve well as a change from their Irish brethren and reports show that there has been an abundant crop of them in the south.

Get 100% Heat From Your Coal

Enough actual heat is contained in the coal you burn to warm every room in the house.

The Favorite Base Burner extracts all the heat from every bit of coal you put into it, and pours it through your home in great waves of clean, sanitary, genial warmth. None is wasted up the stove pipe. No other heating stove can possibly do this, for the Favorite is constructed by the foremost heating experts in the world, and every feature that makes it so superior is patented.

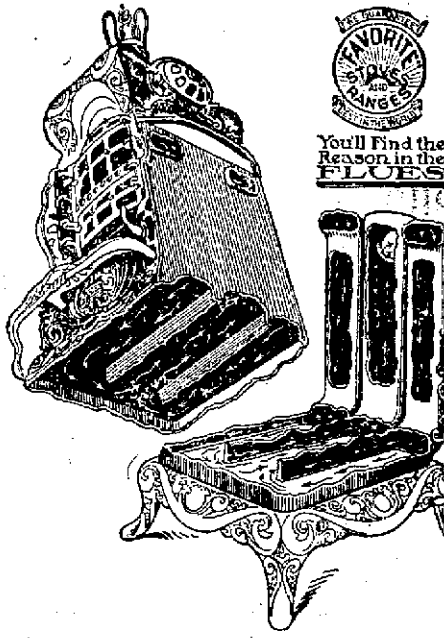

That is why the Favorite cuts your coal bill to the limit, and eliminates the ash dust, coal gases, smoke and soot that ruin home furnishings with a common stove.

With the Favorite, every unit of heat in the fuel is thrown into the rooms, and you can have your home as hot as you want it on the coldest days of winter.

The house is made to feel like home to your wife all day long. You may be at work, but you will know that your family is comfortable. When you get back at night, you will find the entire home opened up and warmth everywhere.

And it actually costs half as much as any other heating apparatus you can buy.

Why suffer the ills and pay the bills of an inefficient, ordinary heating stove? Decide now to enjoy Favorite comfort in your home during the cold days.

WOMAN'S PAGE

The Evening Chit-Chat

BY RUTH CAMERON

ON RECOMMENDING.

IT IS often said that one should never recommend a servant, a dressmaker or a doctor.

I am inclined to go much beyond that and say, "Never recommend anything or anybody."

The passionate desire to blame someone when anything goes wrong is one of the most universal of human emotions. We all know the fury that assails us when we bump our heads, or bruise our shins upon some inanimate object, and have nothing but that object to blame. Who has not sometimes childishly retaliated by actually kicking an offending chair?

And we all know what a temptation it is to blame some meek member of the family—usually mother—when family affairs go wrong.

It is this same unreasonable, but unconquerable tendency which makes the business of recommending so very risky.

I once recommended to a close friend a washer-woman who had done my washing in a first-class manner for a reasonable sum. I did not, be it understood, force this information upon my friend. I gave it in answer to urgent inquiries on her part. Perhaps I did speak very heartily, but then the woman was, to my way of thinking, an unusually good washer-woman; and enthusiasm is one of my weaknesses.

After that unguarded moment, I soon learned to dread meeting my friend, for she always brought me bad news of the washer-woman. She had charged exorbitantly; she had let the color run in a new shirt waist; she was late with the clothes;—for these and numerous other faults I was tirelessly reproached and hypnotized into apologizing.

Finally when I could stand it no longer, in a moment of courage, I spoke my mind. I told my friend that the washer-woman was a very good worker to my way of thinking, and that if she didn't think so, I hoped she would cease to employ her; but that in any case I didn't want to hear another word about it. Needless to say, our friendship suffered somewhat from this experience.

Of course, this is not by any means the only time I have ever suffered in this way. It is merely my bitterest, my latest and I hope my last experience, in the folly of recommending anything or anybody.

To be sure there is another side to this as to everything. I suppose if your friends were pleased with anything you recommended they would thank you and you ought also to be willing to accept blame if you accept praise. But somehow the praise seems to me to be a great deal scarier than the blame. Perhaps my experience is unfortunate and unique. I don't know.

Of one thing I'm sure. In the future when I am asked about plays, doctors, tailors, restaurants, summer places, etc., etc., I shall tell my own personal experience with as little enthusiasm as possible, and then add positively but firmly, "but remember this is only my experience, don't go by my recommendation."

That ought to save me from any come-back, oughtn't it?

I wonder if it will!

N. B. Not an hour after writing this I caught myself saying, "You really ought to try the S— inn. I never was so well treated in my life." Evidently the desire to recommend things I have found worth recommending is too strong in me to be uprooted at will. I am not sure that I am sorry.

until jelly-like in consistency. Serve cold with whipped cream, or plain.

Shrimp Jambalays. Chop two onions very fine and put them in a sauce pan with two tablespoonfuls of butter, when slightly brown add a tablespoonful of flour and stir well. Then add two cloves of garlic, one spring each of thyme and parsley chopped fine and one bay leaf whole. After stirring all this well together, add half a cup of tomatoes, one pint of boiling water and two cans of shrimp that have been picked over and thoroughly washed, or an equal quantity of freshly boiled shrimp. Cook all together for ten minutes, season well with red pepper and salt. Serve with boiled rice.

Graham Gems.—One cupful of sour milk, one level teaspoonful of salt, one scant half cupful of sugar, one spoonful of salt, homemade graham flour enough to make a stiff batter. Do not shorten gems, but put a very liberal supply of shortening in the tins when they are greased.

Dark Fruit Cake.—One-half cup of butter, three quarters cup of brown sugar, one-half cup of raisins, seeded and cut in bits; one-half cup of currants, one-quarter cup of citron is thin slices, one-half cup of molasses, two eggs, one-half cup of coffee, two cups of flour, one-half teaspoonful of soda, one teaspoonful of cinnamon, one-half teaspoonful of nutmeg, one-quarter teaspoonful of cloves. Mix in the usual manner, adding the fruit to the creamed butter and flour and sifting the spices and soda with the flour. Bake in two pans about one hour and a quarter.

Fruit Drop Cakes.—Material—Butter, one cup; sugar, one and one-half cups; eggs, three; soda, one teaspoonful; hot water, one tablespoonful; flour, three and one-fourth cups; cinnamon, one teaspoonful; English walnuts (chopped), one cup; currants, one-half cup; seeded raisins, one-half cup.

Directions.—Cream the butter, add the sugar gradually and the eggs well beaten and the soda dissolved in the water. Then mix in half the flour with the cinnamon sifted in it. Lastly, add walnuts chopped, fruit and the remaining flour. Drop by teaspoonfuls at least one inch apart and bake in a moderate oven.

CHARMING FROCK OF 'GREEN SILK CREPE'

ON BIG TOUR WITH BASEBALL HUSBANDS

Top to bottom: Mrs. Chief Meyers, Mrs. James Thorpe and Mrs. Hans Lobert.

This charming frock is made of emerald-green silk crepe. The vest front is of white net, edged with a ruffle of the same. The revers, cuffs and belt are of black satin. The skirt has a tunic of softly plaited mouseline de soie to match, over which is mounted a peplum, which is a continuation of the waist.

Daily Thought.
His heart was as great as the world, but there was no room in it to hold the memory of a wrong.—Emerson.

HEART and HOME PROBLEMS

MRS. ELIZABETH THOMPSON

Dear Mrs. Thompson: My work has taken me from town to town and in one particular place I met a young man about a year ago who has been all a girl could want. I've been to that town twice and the last time while there he asked me to marry him.

It surprised me very much, as we had been more of the friendly sort. I thought, He is well known in his town, his father is also a well-known business man in the town and both are considered fine men.

But in the town I make my headquarters I have a fellow who also asked me to marry him, but says it may be one, may be five years before we can be married. It has been one and one-half years now.

I am twenty-six years old and almost dread waiting until I am thirty-one. I am trying hard to look ahead, and as you know, at thirty-one it is a great deal harder to find a companion than at twenty-six.

The reason he gives for the delay is that his folks are very wealthy and he wants to have enough saved so he can take me as his own with no words from anyone.

The man in Nebraska says, "Write me your answer and I will fix up our home and we will be married this year." I know I would have a splendid home. But way down in my heart I love my home town boy. Shall I wait?

MARY.
If you love the home town boy you will not really be able to marry any other. But I do not think his excuse is a good one for waiting. If he can support a wife now he should have the backbone to marry no matter what his parents have to say. I presume he is at least as old as you are, probably older. At his age he should have made himself a position good enough to begin a home for himself. I am afraid he will never amount to much if he hasn't. Also, the man who is afraid of his people now, will always cater to them more or less. His wife will be secondary. It may be really only a matter of

sentiment that keeps you true to the home town man. Search your heart carefully and if you find yourself lacking in respect for him, and if you find respect and affection for the other man, drop the first one and see if you can't love the second one. Do not tarry for a home, but for congeniality.

Dear Mrs. Thompson: (1) Will low heels be worn all winter? (2) Also the extreme long skirts? (3) I care very much for a boy two years my senior and went with him about six months. Recently another girl came between us. I still care for him, but do not show it, as I don't want him to find it out. What can I do to win him back? I am sixteen years old.

(4) I intended to have a skirt made in imitation of a slit skirt with the green silk sewed right in on the sides. Many think a slit skirt is a terrible thing. Is it?

B. K. M.
(1) Yes.
(2) Not for the street. Afternoon and evening dresses are trailing.

(3) If he likes the other girl better than you, let her have him. The only boy worth having is the one who is true to the same girl all the time. Besides, you are both too young to know what you want for all time.

(4) I do not think a slit skirt is a terrible thing unless it is slit too high. A small slit in long skirt does no harm. It's the people who have bad taste and who go to extremes who give a good thing a bad name. I should think your new skirt would be quite pretty.

HOUSEHOLD HINTS

THINGS WORTH KNOWING.
Bar soap when first bought should be cut into square pieces and put in a dry place. It will last better after shrinking and drying.

Soaking the clothes before rubbing saves both time and much wear and tears on the clothes.

If you will wet the new clothes-line it will not shrink, as new rope is apt to do.

You can glaze linen by adding a teaspoonful of salt and one of finely scraped soap to a pint of starch.

THE TABLE.
Scrambled Lamb—Two cups of cold chopped lamb, two tablespoonfuls of cold water, one tablespoonful of butter. Put in a skillet and when the meat is hot break into it three eggs and cook until the eggs begin to stiffen, stirring constantly. Season with pepper and salt.

Blackberry Stump.—Sift together two cups of flour, two teaspoonfuls of baking powder, one-half teaspoonful of butter and add two-thirds of a cup of milk with beaten egg. Stir in slightly two cups of blackberries rolled in flour and pour mixture into a buttered mold. Cover carefully and steam for two hours without allowing the water to stop boiling. Serve hot with cream or hard sauce.

Potato Dumplings.—To one pint of mashed potatoes add one egg and enough flour to form into balls. Drop boiling water and bake in a hot oven

in hot water and boil twenty minutes. Serve with reheated left-over veal gravy.

Vegetables.—Soak one tablespoonful of granulated gelatin in one-fourth cupful of cold water, and dissolve in one cupful of boiling water; then add one-fourth cupful of sugar, one-fourth cupful of vinegar, two tablespoonfuls of lemon juice, and one teaspoonful of salt. Strain, cool, and when mixture begins to thicken add one and three-fourths cupfuls of prepared vegetables.

Turn into a mold and chill thoroughly. Remove from mold, arrange around thin slices of cold cooked meat, preferably roast lamb, fill center with Rutabaga salad cream, and garnish with watercress. For the vegetables, use one-half cupful of finely shredded white cabbage, one-half cupful of cold cooked peas, one-half cupful of small cucumber cubes, and one-fourth cupful of tiny cubes of cold cooked beef.

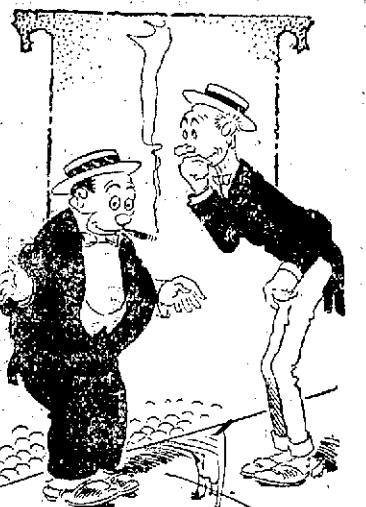

Caramel Pudding.—Melt one-half cupful of sugar in a sauce pan and stir until it is deep brown, but not burnt. Add four tablespoonfuls of boiling water, let it boil for a moment, then add one pint of boiling water. Take from the fire and add one teaspoonful of vanilla. When cool, not cold, stir in four well-beaten eggs and two tablespoonfuls of sugar. Pour into a mold, set it in a pan of boiling water and bake in a hot oven

for one hour. Turn out on a platter and serve with cream.

Hot Water.—To one pint of mashed potatoes add one egg and enough flour to form into balls. Drop boiling water and bake in a hot oven

for one hour. Turn out on a platter and serve with cream.

"LET IN FRESH AIR"

BUCKMASTER'S VIEW

City Health Officer Suggests Timely Advice That Good Air Decreases Lung Diseases

"Open the windows and lessen the dangers of pneumonia, tuberculosis and other lung troubles by proper ventilation," is the advice of City Health Officer Dr. Buckmaster, in speaking of the means of preserving the health of the city. "At the present time, Dr. George B. Young, health commissioner of Chicago, is endeavoring to compel better ventilation in the three hundred theatres of that city, showing the great importance of letting in the fresh air," said Dr. Buckmaster.

"At this time of the year, the question of ventilation is of vital importance, not only to places of public assembly, but also in the private home. Many people are lamentably ignorant regarding the necessity of fresh air in warding off various forms of sickness, and the number of deaths that are really due to bad air can serve no other purpose than to remind intelligent people of the harm that is being done by closing the windows."

"The old belief that night air is injurious is a mistaken one, and if the people would seek to avoid the dreaded tuberculosis, pneumonia, and other contagious diseases, be sure that there is an abundance of fresh air in the home, and especially in the sleeping apartments. Do not seal yourself into a room, from which you have carefully excluded fresh air by closing the windows down tight to keep out the cold. Right now people are adjusting storm windows that will not be removed or opened until spring time, and when they put on those windows they are shutting out fresh air from every room in the house and hermetically sealing the sleeping apartments. People who have slept in open doors during the summer time are now preparing to sleep in closed rooms and foul air the remainder of the winter. The closing of sleeping room windows is a gross crime to the health of the city," continued Dr. Buckmaster.

"If a window cannot be left raised without subjecting you to a draft, see if you cannot leave the window wide open from the top, so that disease killing fresh air may enter and diffuse itself throughout the rooms. If a narrow board be placed at an angle as to deflect the entering air toward the ceiling, it will prevent any direct current from reaching you."

"The best investment any community can make is in health security, as it leads to a longer life, prosperity and a pleasurable existence. The more healthful citizens that a city has the more efficient that city becomes. Fresh air is a large factor in public health and a well organized campaign against bad air would probably benefit more people and save more lives than many of the modern campaigns combined."

At the present time there are only two diphtheria cases in the city of Janesville and the card for one of these cases will be removed within a

A. G. Heyerdahl has severed his connection with Sagen Brothers' meat market, with which he has been identified since the present owner came into possession. Mr. Heyerdahl has not decided upon what he will do in the future, but intends to go to the northern part of the state the first of next week and spend some time hunting.

That Orfordville is a good place to live, is the opinion of many, is demonstrated by the fact that at this time there is not a vacant house in the village. Inquiry has recently been made by prospective residents, but without success. Would it pay some enterprising individual to build a few houses for rent is the question.

Mr. Curtis, representing the Guardian Life Insurance company, is spending a few days in the village in the interests of his company.

The first quarterly conference of the year will be held at the M. E. church on Wednesday at 2:30 p. m. Superintendent Miller will be present.

BUILT RIGHT

Stomach, Nerves and Thinner Restored by Grape-Nuts Food.

The number of persons whose ailments were such that no other food could be retained at all is large and reports are on the increase.

"For 12 years I suffered from dyspepsia, finding no food that did not distress me," writes a Wis. lady. "I was reduced from 145 to 90 lbs. gradually growing weaker until I could leave my bed only a short while at a time, and became unable to speak aloud."

"Three years ago I was attracted by an article on Grape-Nuts and decided to try it."

"My stomach was so weak I could not take cream, but I used Grape-Nuts with milk and lime water. It helped me from the first, building up my system in a manner most astonishing to the friends who had thought my recovery impossible."

"Soon I was able to take Grape-Nuts and cream for breakfast and lunch at night with an egg and Grape-Nuts for dinner."

"I am now able to eat fruit, meat and nearly all vegetables for dinner, but fondly continue Grape-Nuts for breakfast and supper."

"At the time of beginning Grape-Nuts I could scarcely speak a sentence without changing words around or talking crooked in some way but I have become so strengthened that I no longer have that trouble."

FRUIT LAXATIVE FOR MAMMA, DADDY AND THE BABY, "CALIFORNIA SYRUP OF FIGS."

Better than calomel, oil or pills to clean and regulate liver, bowels and stomach.

Mother, daddy and the children can always keep feeling fine by taking this delicious fruit laxative as occasion demands. Nothing else cleanses the stomach, liver and bowels so thoroughly without griping. You take a little at night and in the morning all the foul, constipated waste, sour bile and fermenting food, delayed in the bowels gently moves out of the system. When you awaken all the headache, indigestion, sourness, foul taste, bad breath, fever

and dizziness is gone; your stomach is sweet, liver and bowels clean, and you feel grand. "California Syrup of Figs" is a family laxative. Everyone from grandpa to baby can safely take it and no one is ever disappointed in its pleasant action. Millions of mothers know that it is the ideal laxative to give cross, sick, feverish children. But get the genuine. Ask your druggist for a 50 cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups on each bottle. Refuse with contempt the cheaper Fig Syrups and counterfeits. See that it bears the name — "California Fig Syrup Company."
